

## Digital Banking

The unified digital banking experience that spans the business payments spectrum

Businesses from small to larger corporates are increasingly demanding more from their banking relationships. Bottomline’s commercial Digital Banking platform answers the needs by delivering a best-in-class banking experience that combines advanced payments, cash management services, rich analytics, and cutting-edge technologies.

The unique set of capabilities not only deepens brand loyalty and builds stronger customer relationships but also opens opportunities for continued growth across the various business needs like enabling monetization of low-value payments and improving cash visibility. This platform empowers banks to win primary ownership of customer relationships and accelerate business growth.

### Be an Intelligent Business Enabler

- ✔ Engaging user interface and simple workflow navigation for effortless adoption
- ✔ Trusted core payments and cash management capabilities helping businesses run efficiently
